

6x6 Interactive Album

featuring Photoplay's Autumn Greetings Collection

designed by Joey Otlo

To begin, assemble the PHOTOPLAY Build An Album as directed in the package instructions. Don't add the white 3.5" x 4.5" white cardstock to the front cover until it's time to decorate. Be sure to read all instructions in a section before beginning that section to be sure you don't miss anything. If you like the look of dimensional embellishments, add 3D foam to the elements stickers and brush with baby powder to remove the excess adhesive. Use the cutting guide to cut the 12x12 sheets. 6x6 sheets have already been cut down from 12x12 and included in your kit for background papers. All paper measurements are intended to leave a small white border around all edges.

Cover assembly: Beginning with the left side spine, glue 1.5"W x 6.25"H "Leaves are Falling" pattern to the spine. Glue 4.25"W x 6.25"H "Leaves are Falling" pattern to the front cover, left side. Glue 1.5"W x 6.25"H "Lumberjack" orange pattern to the front cover, right edge. Find 12x12 white cardstock and cut a strip 1.5"W x 6.25"H. Glue 1.25"W x 6.25"H "Pumpkin Spice" words pattern to the white cardstock strip and then glue to the cover of album, covering the white space between the patterns. Cut 3x4 "I Love Autumn" card from the 12x12 cutapart sheet. Mat it onto the 3.25"W

Back cover, spine, & front cover

x 4.25"H "Pumpkin Spice" words and then onto the 3.5"W x 4.5"H white cardstock included in the Build An Album package. Mat onto 3.75"W x 4.75"H "Lumberjack" orange. Add 3D foam tape or pop-ups along the back top & bottom of the white cardstock and add it to the front cover of the album. This will allow for the closure to slip through the front section to secure the album when closed. Turn the album over to work on the back.

Back cover: Glue 1.75"W x 6.25"H "Lumberjack" plaid to the outer portion of the closure. Glue the 6.25" x 6.25" "Leaves are Falling" blue dot to the back cover.

Inside front cover

Page 1 Front

Inside front cover: Insert 6"x6" "Pumpkin Spice" words pattern into the slash pocket and glue in place. Glue plaid triangle to the front of the slash pocket. Insert "Happy Fall" 3x4 card from the cutapart sheet. Trim the corners of the 3.5"W x 5.5"H "Lumberjack" orange to create a tag. Glue 1" x 3.25" striped pattern to the tag as a topper and trim to fit.

Page 1, front: Glue 6"x6" "Snuggle Up" pattern to the page. From the white cardstock, cut a piece 3.5"H x 5"W and glue to the page. Glue 1" x 5" "Leaves are Falling" blue dot just below the white cardstock. Embellish page with stickers as shown.

Page 1, back: Glue 6"x6" "Fruit Baskets" pattern to the back side of Page 1. This page was left blank intentionally. Once your project is complete, you can use the extra paper & stickers to design your own page or simply add a photo and journaling for an easy page.

Page 2, front: Glue 6"x6" "Fruit Baskets" green plaid to Page 2. Cut 3x4 "It's time for pumpkin everything!" from the cutapart sheet. Round the upper left corner. Add adhesive to the reverse side left edge and bottom edge only. Turn over and add to page, creating a tuck spot on the page. Trim the corners of the 3.25" x 5" "Pumpkin Spice" words to create a tag. Glue 1" x 3.25" striped pattern the tag as a topper and trim to fit. Embellish tag with floral sticker as shown.
